Team

...Orphonic is not a sum but a multiplication of our experiences... We are passionate about creating unique and innovative solutions in life science.

[Meet people](#)

Know-how

We have three core competencies:

- Selection of the most promising projects in Therapeutics, MedTech and e-Health
- Verification of research hypotheses at the stage of clinical trials using our associated CRO
- Partnering or transacting the assets to large pharmaceutical players.

[Trust our expertise](#)

Global reach

We seek projects all over the world, focusing on:

- Polish biotech ecosystem
- Central and Eastern Europe ecosystem
- Leading global Universities, Accelerators and incubators
- AI tool to access attractive projects before large institutional investors.
